of Highly Effective People, where it is presented as the second habit: "Begin with the End in Mind." Covey emphasizes that successful individuals and organizations start by envisioning their desired outcomes, which then guides their actions and decisions.

The concept itself traces back to ancient philosophies and practices that advocate for goal-setting and visualization, including Stoicism and various spiritual traditions. It advocates for an inward focus on purpose and a clear understanding of what truly matters, thereby aligning actions with core values and ultimate objectives.

By always keeping the endpoint in focus, individuals can ensure their efforts are aligned with their long-term aspirations.

Practical Applications of the Philosophy

Practical steps:

- Setting SMART (Specific, Measurable, Achievable, Relevant, Time-bound) goals
- Visualizing career milestones and success scenarios
